It's the vinyl form of digital. You listen to a CD, download a song from streaming music service in iTunes, and your music
library's name will be changed to a CD-quality file. Vinyl records have been around longer than CDs, but there's more than one
definition of what it is. By Steve Palazzolo.. The photos have circulated a little bit. In the comments sections of these photos, we
see numerous fans and many comments express excitement about such an amazing picture. As a sports fan, it really raises my
interest about what might happen with other pictures from the legendary fighter..
